

Morning Prayer for the Day for Family

God the Father, thank You for a new day—a new beginning—to worship You as a family. Thank You for the fellowship of family, and for blessing us with the lives of our parents and children, and for bestowing us with healthy bodies.

Lord God, may You send us Your Holy Spirit to guide us with whatever may be ahead. We know that You are with us every step of the way, and may You remind us of this should we get overwhelmed from the tides the day brings.

We also ask that You give us the strength to carry on should we feel scared and weary. In times of doubt, Lord God, shower us with bravery to conquer our mountains, and give us wisdom to make resolutions according to Your will.

May You turn us away from harm and temptations today, O Lord, and help us to become people our family would be proud of. Bless us with Your love today, God, and provide us with Your everlasting grace.

This we pray, in the name of Jesus. Amen.
